

## New Updates to the Site!

November 18, 2011

Twitter Followers, Website Visitors, and all those in between,

Do we have news for you! With classes wrapping up before Thanksgiving break, we rolled out a couple of new features for you all. First and foremost, since most of our traffic comes from people being referred from [Facebook](#), [Twitter](#), and [OnwardState](#); we figured it would be appropriate to include a ‘**Share**’ button for Facebook and Twitter. So now, if you see a post that you find particularly interesting, we strongly encourage you to click the **share button**.

Another feature implemented tonight was the Home Page not having every single post load. We were hovering right around 150 total posts within this past week and we noticed that the load times were *extremely* slow. Now the main page has minimal posts, you can navigate to the other posts by clicking the ‘**older**’ button at the bottom of the page. We are currently working on a better solution for this.

Finally, the last update that we rolled out on the site tonight was the implementation of all new posts to the site being linked to our [@WEstillARE](#) twitter account.

We all sincerely hope that you enjoy these features as much as we do and continue to support the site by sharing it with your friends, families, and everyone else. If you have any comments or suggestions, please email us at [we.still.are.psu@gmail.com](mailto:we.still.are.psu@gmail.com)

Again, we cannot thank you all enough for the overwhelming positive response to the website. We have BIG things planned for the future.

WEstillARE,

-WEstillARE Dev & Content Team
