

Moving Forward

July 31, 2012

There is no way to erase the events of the past, nor can we change the NCAA's dictatorial edicts, but we can continue to take and show pride in our great university. Although for most of us, it is much more than football, that is what united so many of us and the universities other activities.

The best way to show the rest of the country that we will not be defeated and downtrodden is to fill Beaver Stadium every Home game. The traditions of football Saturday must not be curtailed or subside or we surely will be defeated.

We do not need Bowl games. We have the best bowl game in the country
